Dear Paige,

I wanted to write to tell you that our program Laugh Your Tuchas Off on March 5th was a huge success thanks to headliner Joe Matarese and opener Paul Spratt. They performed in a packed auditorium of about 240 people. Paul did an exceptional job relating to the audience and warming them up for Joe. Paul was extremely funny and relevant to our community. Joe was just down-right HILARIOUS!! His ability to story-tell and interact with the audience is a true measure of his comic genius. In fact Joe was able to feed off of the high energy from the crowd and even extend his set on the fly because everyone was having so much fun. The feedback that I received after the show was that everyone loved had a wonderful time. They loved that Joe raved about our community center and even showed the end of the performance live on Periscope. Please extend our warmest thank you to Joe.

Warm Regards,  
Rachel Singer  
Cultural/Contemporary Adult Director
